

MINI CONNECTED KEY BENEFITS.

MINI Connected brings next level connectivity to your MINI with a wide range of intelligent services and apps.

Emergency Request (SOS): Push the SOS button to send your location and vehicle information to our Response Center. In some cases, your MINI calls automatically. We can request help on your behalf, direct you to the nearest hospital or police station, or notify emergency contacts.

Advanced Real-Time Traffic Info. (ARTTI): Streamline your trip with the latest traffic information along your route as well as in the area. Easily view traffic flow and nearby events, such as construction and accidents, to always keep you connected with the roads around you.

MINI Connected App: Stay on time, in touch, and in control with the MINI Connected App. This all-in-one app helps you avoid Traffic, share arrival time with friends, lock or unlock your MINI, and more.

Remote Services: Locking, unlocking or sending destinations to your MINI can be operated remotely through the MINI Connected App or a call to MINI Assist. Also, with Stolen Vehicle Recovery, MINI Assist can help police to find your vehicle in the event it is stolen.

TeleService (Service Request): Your vehicle's service status and needs are transmitted automatically or manually upon your request. Your MINI Service Advisor then contacts you to schedule a convenient appointment.

Concierge: Want to know the best French restaurant or a four-star hotel? Talk to a friendly Response Specialist who will direct you and can even send the destination address and telephone number to your vehicle.
